## Business Requirements

| ID | Business Requirement |
|---|---|
| **B1** | Stipt wants to improve internal communication and coordination to reduce misunderstandings in the planning process. |
| **B2** | Stipt wants to minimize missed or delayed cleanings |
| **B3** | Stipt wants to handle client complaints faster and more transparently, improving overall client satisfaction and service quality. |
| **B4** | Stipt wants to track and analyze recurring complaints and bottlenecks to identify areas for process improvement. |
| **B5** | Stipt wants to reduce administrative workload |
| **B6** | Reduce and prevent recurring client complaints. |

## User Requirements (in User Story Format)

Planning and Scheduling

| ID | User / Role | Requirement (Use Case Format) | MoSCoW | Traces to |
|---|---|---|---|---|
| **UR-S1** | Team Leader | As a Team Leader, I want to create and maintain weekly cleaning plans per site and cleaner so that I can ensure all clients are scheduled properly. | **Must** | BR-1, BR-2 |
| **UR-S2** | Team Leader | As a Team Leader, I want to fill in a digital planning form with site details and requirements so that I can prepare accurate cleaning schedules. | **Must** | BR-1, BR-2 |
| **UR-S3** | Team Leader | As a Team Leader, I want to assign specific cleaners to clients or locations so that I can balance workload and avoid confusion. | **Should** | BR-1, BR-2, BR-5 |
| **UR-S4** | Cleaner | As a Cleaner, I want to receive automatic notifications when new schedules are published so that I always have the latest plan. | **Must** | BR-1, BR-2 |
| **UR-S5** | Cleaner | As a Cleaner, I want to view my weekly schedule in the system so that I can follow my assigned tasks and locations. | **Must** | BR-1, BR-2 |

Cleaning

| ID | User / Role | Requirement (Use Case Format) | MoSCoW | Traces to |
|---|---|---|---|---|
| **UR-C1** | Cleaner | As a Cleaner, I want to mark my cleaning tasks as completed or partially completed so that my Team Leader knows the work | **Must** | BR-2, BR-6 |
| **UR-C2** | Cleaner | As a Cleaner, I want to upload photos or short notes about extra work so that I can provide proof of the cleaning situation. | **Must** | BR-3, BR-6 |
| **UR-C3** | Team Leader | As a Team Leader, I want to review uploaded photos and notes so that I can confirm the quality and completion of each visit. | **Must** | BR-3, BR-6 |
| **UR-C4** | Team Leader | As a Team Leader, I want to update or reschedule visits when cleaning is only partially completed so that follow-up tasks are managed quickly. | **Should** | BR-2, BR-6 |
| **UR-C5** | Team Leader | As a Team Leader, I want to leave internal notes for visibility so that everyone involved stays informed about cleaning updates. | **Could** | BR-1, BR-5 |

Complaints

| ID | User / Role | Requirement (Use Case Format) | MoSCoW | Traces to |
|---|---|---|---|---|
| **UR-Q1** | Client | As a Client, I want to call the company directly to report my complaint so that my issue is addressed quickly and personally. | **Must** | BR-3, BR-6 |
| **UR-Q2** | Account Manager | As an Account Manager, I want to record client complaints in the system with details and optional photos so that all cases are properly tracked. | **Must** | BR-3, BR-4, BR-6 |
| **UR-Q3** | Team Leader | As a Team Leader, I want to check the planner and cleaner uploads so that I can identify the root cause of the complaint. | **Must** | BR-3, BR-4, BR-6 |
| **UR-Q4** | Team Leader | As a Team Leader, I want to write a short internal note or proposed solution so that the Account Manager can access this information directly. | **Should** | BR-3, BR-4 |
| **UR-Q5** | Account Manager | As an Account Manager, I want to review updated complaint information so that I can contact the client with a resolution. | **Must** | BR-3, BR-6 |
| **UR-Q6** | Account Manager | As an Account Manager, I want to close or escalate complaints to management so that all cases are resolved efficiently. | **Could** | BR-3, BR-6 |
| **UR-Q7** | Client | As a Client, I want to be informed about the outcome of my complaint so that I know the issue has been resolved. | **Should** | BR-3, BR-6 |

# System Requirements

Planning and Scheduling

| ID | Requirement | Type | MoSCoW | Traces to Use Case (UR) |
|---|---|---|---|---|
| **S1** | The system must show all planned cleaning visits with client, site, cleaner, and time. | Functional | Must | UR-S1, UR-S5 |
| **S2** | The system must allow Team Leaders to create, edit, and reassign cleaning visits. | Functional | Must | UR-S1, UR-S2, UR-S3 |
| **S3** | The system must update the cleaner's schedule automatically when changes are made. | Functional | Should | UR-S4, UR-S5 |
| **S4** | The system must store all planning data centrally and make it visible only to authorized users. | Functional | Must | UR-S1, UR-S2 |
| **S5** | The system must include clear status indicators for each visit (e.g., Scheduled, Completed). | Functional | Should | UR-S5 |
| **S6** | The system must have a simple interface that loads quickly and can be learned within 30 minutes of training. | Non-Functional | Must | UR-S2 |
| **S7** | The system must retain planning records for at least 12 months. | Non-Functional | Could | UR-S1 |

Cleaning

| ID | Requirement | Type | MoSCoW | Traces to Use Case (UR) |
|---|---|---|---|---|
| **C1** | The system must allow cleaners to view their assigned visits. | Functional | Must | UR-C1, UR-S5 |
| **C2** | The system must allow cleaners to mark visits as Done or Partial and attach notes or photos. | Functional | Must | UR-C1, UR-C2 |
| **C3** | The system must allow Team Leaders and Account Managers to view cleaner uploads. | Functional | Must | UR-C3 |
| **C4** | The system must store cleaner uploads (photos/notes) under the correct visit. | Functional | Must | UR-C2 |
| **C5** | The system must display clear status indicators for cleaning progress (e.g., In Progress, Completed). | Non-Functional | Must | UR-C1, UR-C3 |
| **C6** | The system must be mobile-friendly, fast, and GDPR-compliant. | Non-Functional | Must | UR-C2 |

Complaint Handeling

| ID | Requirement | Type | MoSCoW | Traces to Use Case (UR) |
|---|---|---|---|---|
| **Q1** | The system must allow Account Managers to log complaints with category, description, and photos. | Functional | Must | UR-Q2 |
| **Q2** | The system must link each complaint to the related cleaning visit and cleaner's uploaded proof. | Functional | Should | UR-Q3, UR-Q4 |
| **Q3** | The system must support complaint status flow: Received → In Review → Resolved / Escalated. | Functional | Should | UR-Q2, UR-Q5, UR-Q6 |
| **Q4** | The system must store all complaint data centrally and allow easy search and filtering. | Functional | Must | UR-Q2, UR-Q5 |
| **Q6** | The system must display clear status indicators for each complaint stage. | Functional | Must | UR-Q5, UR-Q7 |
| **Q7** | The system must retain complaint records for at least 24 months. | Non-Functional | Must | UR-Q2, UR-Q5, UR-Q6 |
